

Help a Child Thrive: Book Drive

Help us encourage a child to read! The REACT [Real Estate Agent's Charitable Taskforce] has partnered with the Berkshire United Way by adopting Book House this summer! We've created a reading library, where families have the opportunity to pick up or drop off free books any time of day or night, all year long, even when schools and libraries are closed.

We are responsible for ensuring that the Book House is stocked with children's books and cared for, and asking for donations of any gently used (or new!) books suitable for ages 6-15. Hardcover is best but we will gratefully accept paperback books too. Any books that are written on, badly torn or outdated cannot be used. We're in need of books for babies through middle-school aged children. Please no adult books, encyclopedias or text books.

Drop off can be made to the Board Office located at 99 West Street, Ste 200 (TD Building on the corner of West & Center Streets). We will accept books on a continual basis. Any questions, please contact Sue O'Brien at 413-442-8049 or Sue@BerkshireRealtors.com.

Thank you!
